**Architectural Review Request**

To establish a reasonable and consistent procedure for approval of rear yard improvements to your property, the Developer and the Royal Links Subdivision Homeowners Association have established the following basic guidelines:

1. Complete the bottom portion of this application.
2. Submit a scale drawing site plan showing location on your lot and a section drawing or picture showing relevant details of the improvements. It is important to show distances from all adjacent property lines and any significant landscape or common area features such as berms, retaining walls and other existing improvements that require on going maintenance.
3. Return this application with the required attachments to the Developers or the Royal Links Homeowners Association. Applications cannot be reviewed until all paperwork is complete
